

## PROJECT HOMELESS CONNECT

"Never look down on anyone, unless you are helping them up."

### Project Homeless Connect 4

Project Homeless Connect is an initiative to engage the general public towards innovative solutions to homelessness. Our goal is to consolidate available services and connect individuals to benefits, medical care, substance abuse and mental health counseling and a variety of social services which can help lead to pathways to housing and self sufficiency. Numerous city departments, non-profit agencies and over 1,000 committed San Franciscans have participated to date in this growing, grass roots program to help those individuals who need our help the most.

### Bill Graham Civic Auditorium

**Thursday, April 21, 2005**

**9am - 3pm**
